Living a Total Safety Culture, Striving for Zero Incidents

Health Safety and Environmental Policy

Total Safety Culture is a core value of Cooper Standard. We are dedicated to conducting business in a responsible manner and in compliance with all health, safety and environmental regulations.

We are committed to:

- Considering the health and safety of our employees, contractors and visitors of the highest importance, believing that all incidents are preventable;

- Using sustainable business practices to minimize energy and water consumption, environmental emissions and waste generation;

- Continually improving our health, safety and environment performance as a world-class leader;

- Partnering with our customers, suppliers and contractors to promote health, safety and environmental excellence; and

- Improving and supporting the communities where we work and live.

At Cooper Standard, we believe everyone has a role and a responsibility to live our Total Safety Culture.
